

**Curriculum vitae**  
**Lisa J Jones,**  
[21062233@cambria.ac.uk](mailto:21062233@cambria.ac.uk)

**Personal statement:**

**Adaptable, passionate, creative and caring person with a keen interest in learning. Ready to explore new and existing skills, characteristics, interests while finding my place in the world of work. Not too proud to seek knowledge from others, as I am forever the learner and willing to share my own experiences with others if they should ask for my input.**

**Determined to continue to pursue my interests even through times of difficulty as I know this will enable me to hone in my skills further. My roles in the working community, and in my personal life have enabled a wide range of knowledge and experience that I feel would benefit myself and others. This of course isn't one way as I love to learn from others also.**

- **1998 Northop College, Entry mechanics and Horticulture**
- **1997-1998 Flint High School, Flint**
- **Eastly High School, Canning Town, London**

- **Skills and characteristics:**

**Certificated digital skills**, experience and continued learning.

**Naturally analytical, a keen attention to detail** in my written work, other aspects of my life and always aware of the need to see everything from more than one angle.

**Numeracy is certificated** and learning is always continued. An example of my dedication to improvement is that I enrolled myself into both online and physical college to better improve my grades.

**Problem solving** is used in everyday life and I have demonstrated this in my work and home life. I also know if a problem cannot be solved alone, help and advice from others should be sought.

**Teamwork** was used in all of my work and learning.

Collaboration with others to achieve goals and targets when order picking, packing and sorting employee's are all trying to reach a target of completing date, time and quality target set by the company you work for and this was my experience during my time at Great Bear and is just one example of my experiences.

Can work alone with instruction and improvement is always the goal as I am always a learner.

**Caring person with some emotional intelligence** and with experience working with mentally challenged service users at work and in my personal life.

- **Hobbies and interests:**

Reading and writing.

Spending time with my children and our pets.

Travelling on the train to see my son, historical location or just for fun.

Music, vehicle shows and festivals.

Viewing, and or making Art.

Occasional bike ride or walk when possible.

Keen interest in self healing subjects such as holistic therapies and reflexology.

Love reading and learning text books about subjects of interest.

Watching movies, series or documentaries.

I at times enjoy DIY and Decorating.

Learning new things.
